

# Getting Started with Autodesk Fusion 360

## Fusion 360 overview

Fusion 360 is a comprehensive software platform for product design and manufacturing, offering cloud-based capabilities for 3D modeling, computer-aided design (CAD), computer-aided manufacturing (CAM), computer-aided engineering (CAE), and printed circuit board (PCB) design.

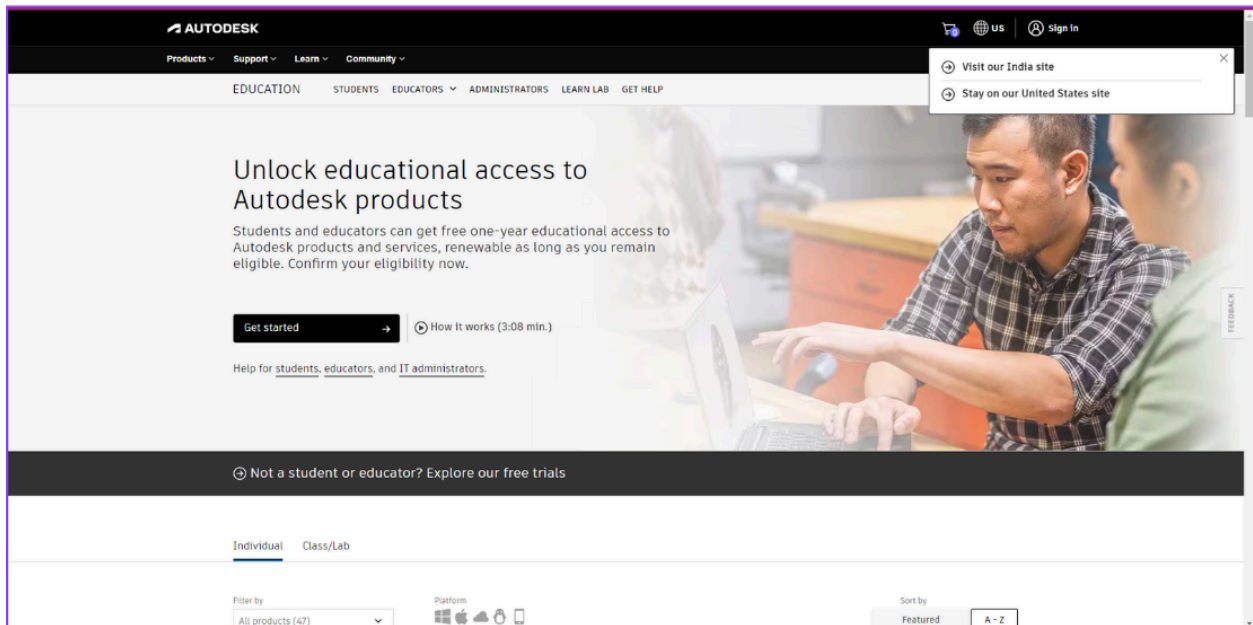

- Its features allow users to design and engineer products with a focus on aesthetics, form, fit, and function.
- Fusion 360 is the only integrated CAD + CAM software tool that enables direct editing of existing features or modeling fixtures.
- Further information can be found on the official Autodesk website: [Fusion 360 Overview](#).

*Note :* Registered students can access Autodesk's free products, providing them with valuable resources for their educational and professional development.

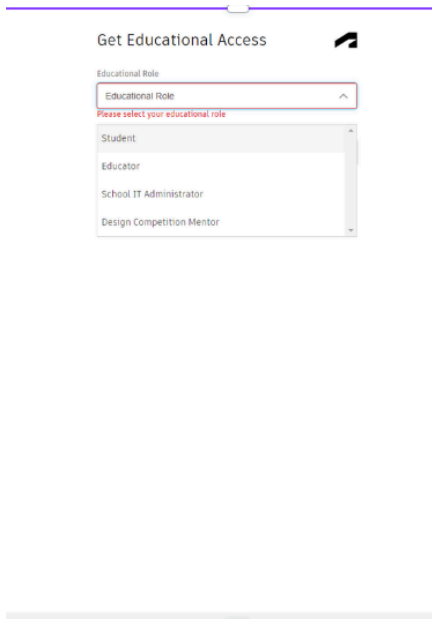

## Steps to register for educational Plan

1. Visit [Autodesk official website](#)

## 2. Click on Get started

## 3. Select Student as educational role

#### 4. Click on create account

7. Now once you are logged in , click on Get Educational access

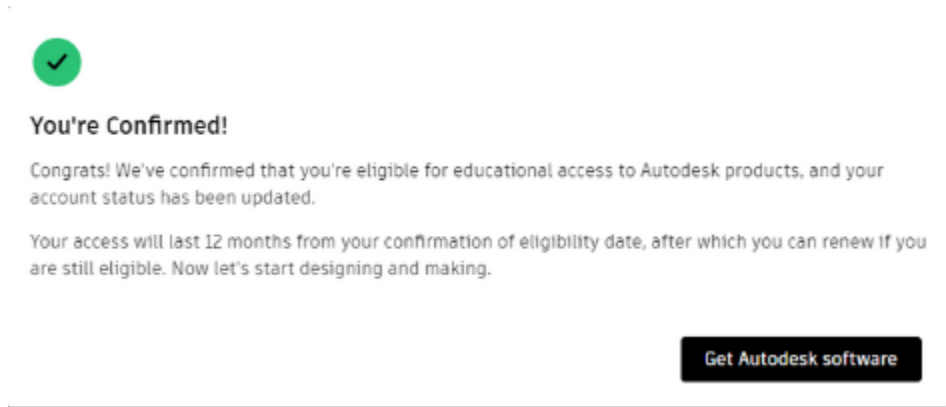

8. Register your personal details and college address, finally click on confirm

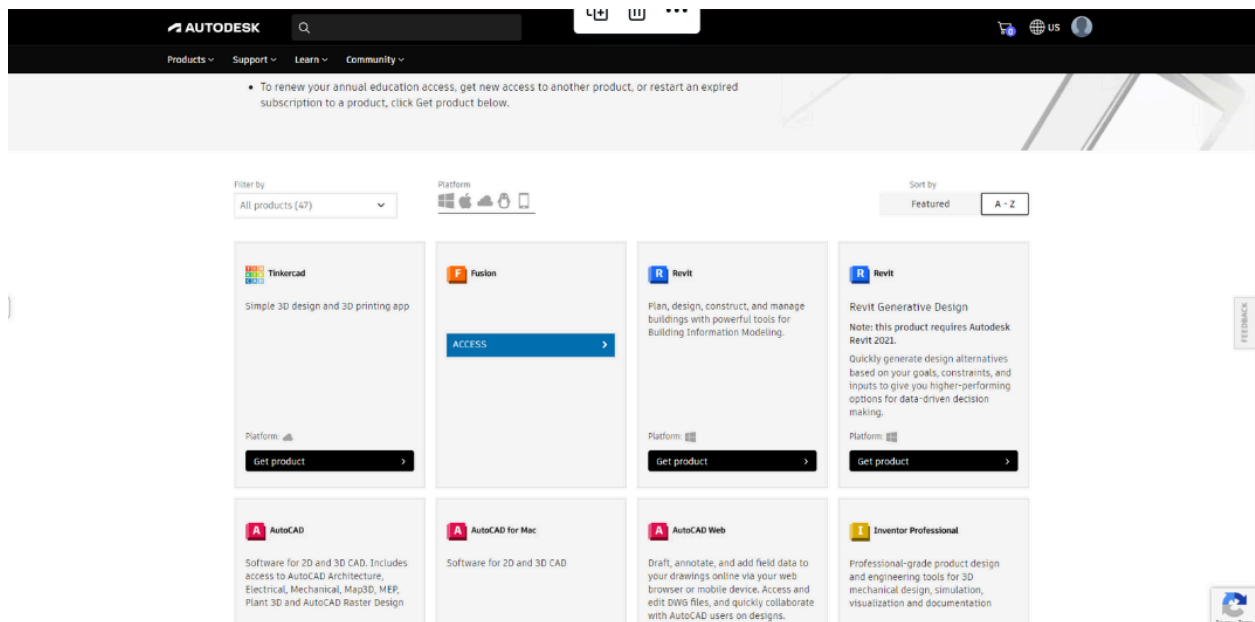

The screenshot shows the Autodesk Education Access registration form. The form is divided into several sections: "School address" with fields for Country (India), Address (Okhla Industrial Estate, Phase III, near Govind Puri Metro Station), Add address line 2 (optional), City (New Delhi), and Postal code (110020); "School information" with fields for Institution type (University/Post-Secondary) and Name of educational institution (Indraprastha Institute of Inf); and "Enrollment information" with a field for Graduation date (MM/YYYY). On the right side, there's a "Subscription summary" section showing "Educational Access" for "1 year" and a "CONFIRM" button. At the bottom, there's a footer with links for Privacy, Do not sell or share my personal information, Cookie preferences, Report noncompliance, Terms of use, and Legal, along with the copyright notice "© 2024 Autodesk Inc. All rights reserved".

9. You will get confirmation like this, click on get autodesk

*Note : If you are asked to verify using documents, use your college ID card.*

10. Choose Autodesk from the list and click **Access**

11. Fusion 360 download will start, finally install the software and login using your credentials.
