

DIS PROJECT PRESENTATION

BOOKPASS

PRESENTED BY - Group 20

Vision

**BookPass is platform where you can
Sell or Donate your old books**

BookPass aims to be a sustainable, user-friendly platform that fosters a community of book enthusiasts. It enables buying, selling, and donating books while promoting literacy and sustainability.

Understanding the Problem

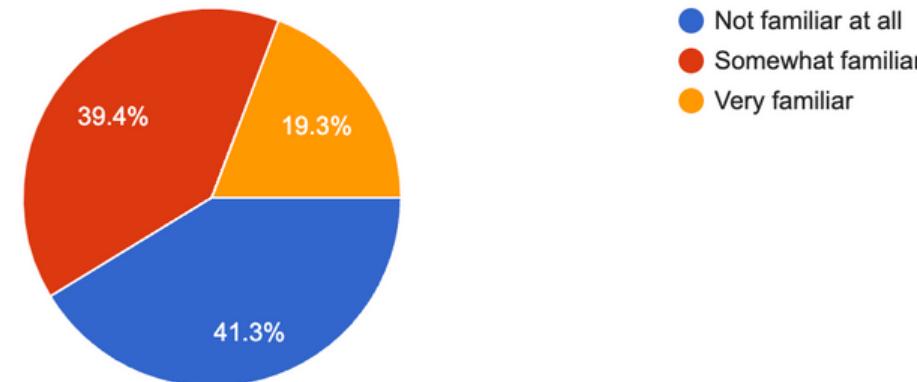

- BookPass is addressing the problem of unused, old books that are often discarded. The platform is designed to give these books a new life by facilitating their resale or donation, leading to environmental sustainability, increased accessibility to affordable books, and support for underprivileged communities

Surveys

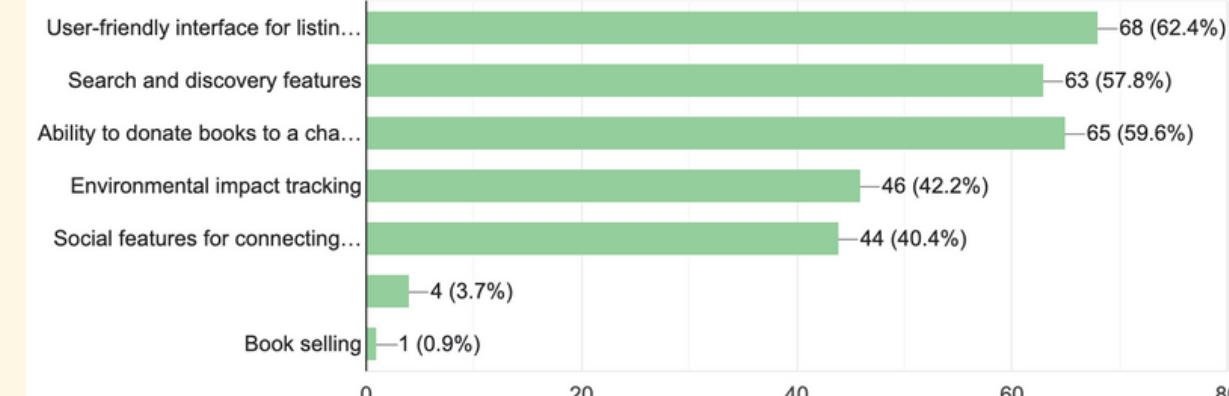

How familiar are you with a platform for selling or donating old books?

109 responses

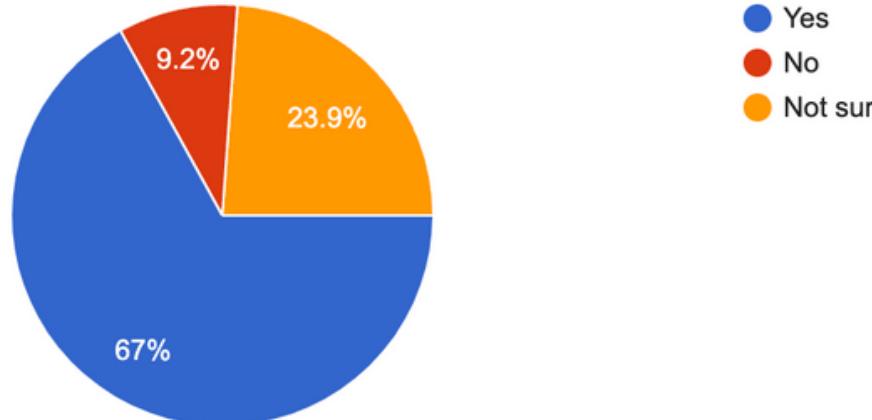

What features or functionalities would you expect from a platform like BookPass?
(Select all that apply)

109 responses

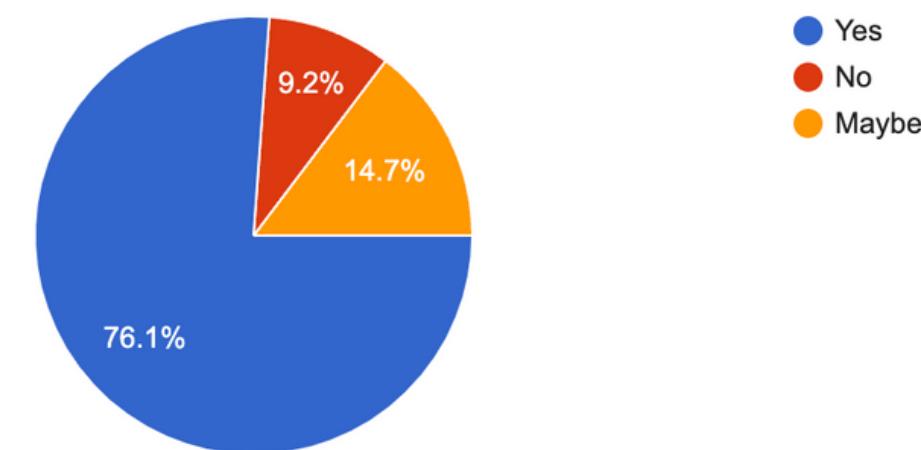

Do you believe that the problem addressed by BookPass (reducing book waste and promoting literacy) is significant?

109 responses

Would you prefer buying the old books?

109 responses
